BIMcert Conference

22nd January 2020

Speaker Title:

Paul McCormack,
BIMcert Programme
Manager,
Belfast Met

Session Title:

Closing and wrap up

***Reducing the energy footprint
in the built environment***

The Delegate 'take 3' Challenge

We need to be conscious that sustainable and lean construction is already a reality but we do not have sufficient skilled professionals and workers to make it become a “normal practice”

What 3 key things will you take from today's conference?
